

## Experience

Since the early '90s the Phoenix NAP team has specialized in colocation.

## Reliability and Uptime

Best-of-breed systems coupled with industry best practices ensure maximum uptime.

## Financially Secure

As a financially secure, debt-free company, Phoenix NAP has the fiscal stability to support your long-term operational needs.

## Convenient Location

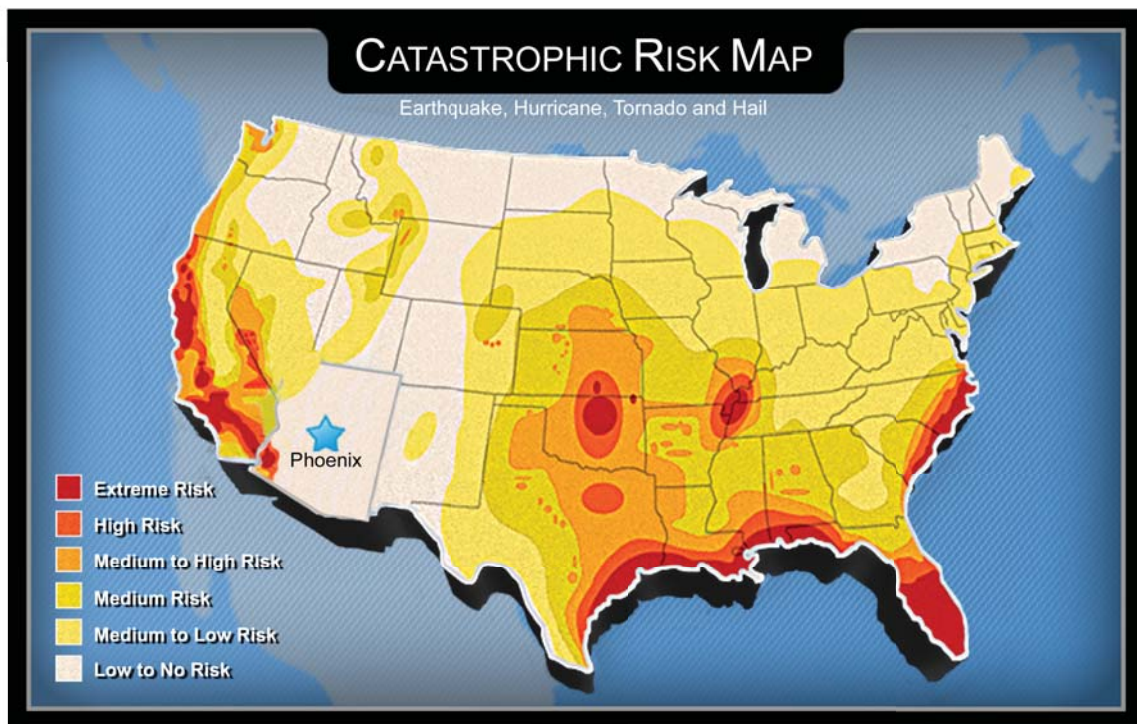

Phoenix is in one of the few disaster-free areas in the world. Moreover, our Phoenix NAP datacenter is:

- Minutes from Sky Harbor International Airport
- Clear from air flight and runway paths
- Within walking distance from multiple hotels
- Centrally located in the Phoenix metro area
- Easily accessible by major freeways

## Flexible colocation options:

- Dedicated colocation cabinets
- Dedicated conditioned suites of up to 30,000+ sq. ft.

Contact Sales for more customized solutions.
